ABOUT

Innovative Front-End Developer with One year Seven month of working experience in building and maintaining responsive websites, proficient in HTML, CSS, and JavaScript, with expertise in modern libraries and frameworks. I am aiming to take on new challenges and utilize my coding and debugging skills to develop new features and enhance the overall user experience.

WORK EXPERIENCE

Wayfarer E Commerce Private Limited

Noida

(Front-End Developer)

(April 2024 - Pre.)

- Using Vue.js and Nuxt.js, create responsive pages for your company's website to enhance user experience.
- Implemented and maintained front-end web applications, resulting in a 20% reduction in page load speeds and conversion rates by utilizing modern web technologies such as Reactjs and best practices for user experience and accessibility.

NexGen Marketing

NewDelhi

(Front-End Developer)

(June 2023 - Mar 2024.)

- In my role at Nexgen Marketing, I develop and maintain responsive web pages using HTML, CSS, and JavaScript ensuring they're responsive and content-rich.
- I've also assisted in the maintenance and updating of existing web applications.
- Worked closely with different teams to smoothly combine frontend solutions and make them work well together.
- Optimize website speed and performance through code optimization and image compression also implement the new feature on the website with senior developers.

BOI Services

Noida

(Intern Front-End Developer)

(Jan 2023 - March 2023)

- I create and manage WordPress pages, ensuring they're responsive.
- Collaborated with senior developers to implement front-end features and functionalities.

- I handled tasks in cPanel, managing website configurations, File manager to maintain, and server settings to ensure optimal performance and security.

Bizzonline

Gurugram

(Intern Front-End Developer)

(June 2022 - September 2022)

- My responsibilities included deploying websites live using GitHub, as well as updating and making changes to ensure their continuous improvement.
- Collaborated with team members to troubleshoot front-end issues and implement solutions on time.

EDUCATION

- **Coding Block Institute: MERN Stack** (August 2023 - May 2024.)
