ABOUT

"I'm a Front-End and HTML Email Developer with over 2 years of experience creating clean, responsive, and accessible web and email layouts. I specialize in converting Figma designs into pixel-perfect HTML using inline CSS and table-based structures for email clients. My skills include HTML, CSS, JavaScript, React.js, Tailwind CSS, WordPress, and basic experience with template engines such as FreeMarker. I focus on writing efficient, lightweight, and accessible code that works smoothly across all devices and email platforms."

Core Expertise

- **Frontend Development :** HTML5, CSS3, JavaScript (ES6+), React.js, Nextjs, Tailwind CSS, Responsive Design
 - **UI Implementation :** Pixel-perfect design translation, cross-browser testing, accessibility-friendly interfaces, performance tuning
 - **Tools & Frameworks :** Git/GitHub, VS Code, REST APIs, Figma to Code workflow
-

Work Experience

PerfectionGeeks Technologies (Front-End Developer)

Gurgaon (Present)

- Developed the entire frontend of the e-commerce [website](#) using Next.js, ensuring fast, responsive, and user-friendly UI.
- Converted [Figma website designs](#) into fully functional web pages with clean, reusable components.
- Integrated REST APIs for products, cart, and checkout to display real-time data.
- Optimized performance and implemented **responsive layouts** across all devices.

Wayfarer E-Com Pvt. Ltd

(April 2024 - Feb 2025)

(Front-End Developer) | Noida

- Built and managed front-end [web](#) applications using Html , Css , Tailwind and Reactjs, fixing slow pages load issues, improving load speed by 20%, and attracting more visitors.
- Fixed slow and messy data updates by using React hooks and context, making the web faster, interactive, and easier to maintain.
- Implemented React Router to handle navigation between views in a single-page application (SPA), making page transition smooth and reload free.

(Front-End Developer) | NewDelhi

- Build, Customize, and maintain modern responsive [web](#) pages using Html, Css, Javascript and wordpress templates
- As a front-end developer, I update and maintain website content to keep it up-to-date and consistent with the brand.
- Added SEO elements directly to website, including meta titles , description and alt tags to improve search ranking.

Bizzonline (Internship)

(Aug 2022 -Feb 2023)

(Intern Front-End Developer) | Gurugram

- Converted Figma designs into functional [web](#) pages with clean, reusable components for better maintainability.
 - Maintained and updated websites according to client requirements, ensuring content was accurate, optimized, and user-friendly.
 - Added animations using GSAP to make [websites](#) attractive and interact
-
